Focus On - New Display for Search Results

Infinancials has recently improved the output for Company Search results, giving you a more effective understanding of the companies found in the search. The results are now categorised into the following:

- **Ticker Matches;**
- **Best Matches;** and
- **Words Start With**

In addition, with the help of little icons, you can also very easily see which companies have a GPRV radar chart available, which companies are inactive and consult the business summary of a company.
